

Community Health Survey: We want to hear from you!

The mission of Island Health Project is to provide quality healthcare for our Island community—but we need your feedback to make that happen. Please take a moment to complete our **confidential** community health survey to share feedback on your experiences at the doctor's office, the availability and quality of services, and opportunities for improvement in the future.

The survey link is open from June 23-July 13, 2025.

Scan the QR code to get started or visit our website and look for the Community Health Survey link.

We look forward to hearing from you!
